Video Hangouts happening now

No video Hangouts invitations. Why not start your own?

**Start a video Hangout**

# Step #1 – Invite Contacts

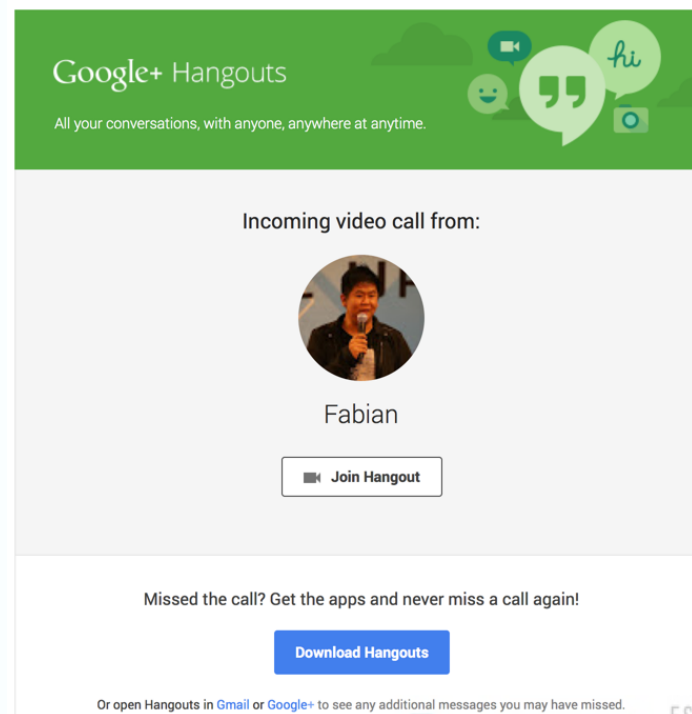

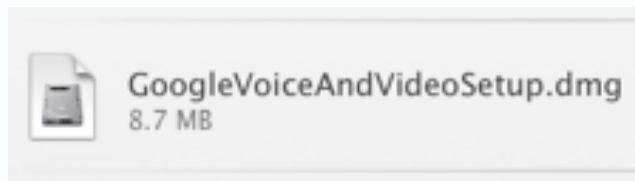

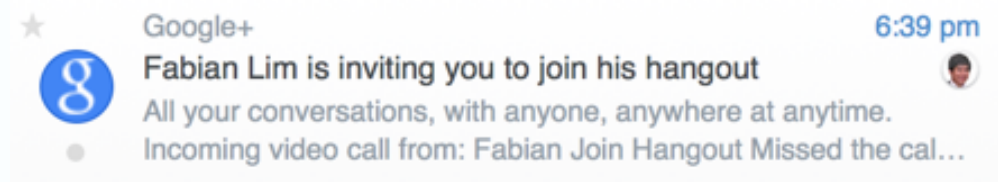

- Add Google+ contacts OR e-mail contacts
- You can also share the video hangouts link via e-mail or social media
- Google+ will send an e-mail to your e-mail contacts after you click 'Invite'

The screenshot shows the Google Hangouts 'Invite' interface. At the top, under 'Link to share', there is a text box containing the URL: `https://plus.google.com/hangouts/_/76cpikaaj4lotsueg6boga102g`. Below this, under 'Send an invite', there is a text box with the message: 'Please join my Google Hangout session'. Underneath the message box is a list of invitees. The first invitee is represented by an email icon and a blue bar with a close button. The second invitee is 'Fabian Lim', represented by a profile icon, a blue bar with a close button, and a '+ Add more people' link. Below the invitees, there are two checkboxes: 'Require guests to be 18+ to join this video call' (unchecked) and 'Quiet invitation' (checked, with a 'Learn more' link). Below these is a '+ Add telephone' link. At the bottom are two buttons: a green 'Invite' button and a white 'Cancel' button.

## Step #2 – Contacts Joins Hangout

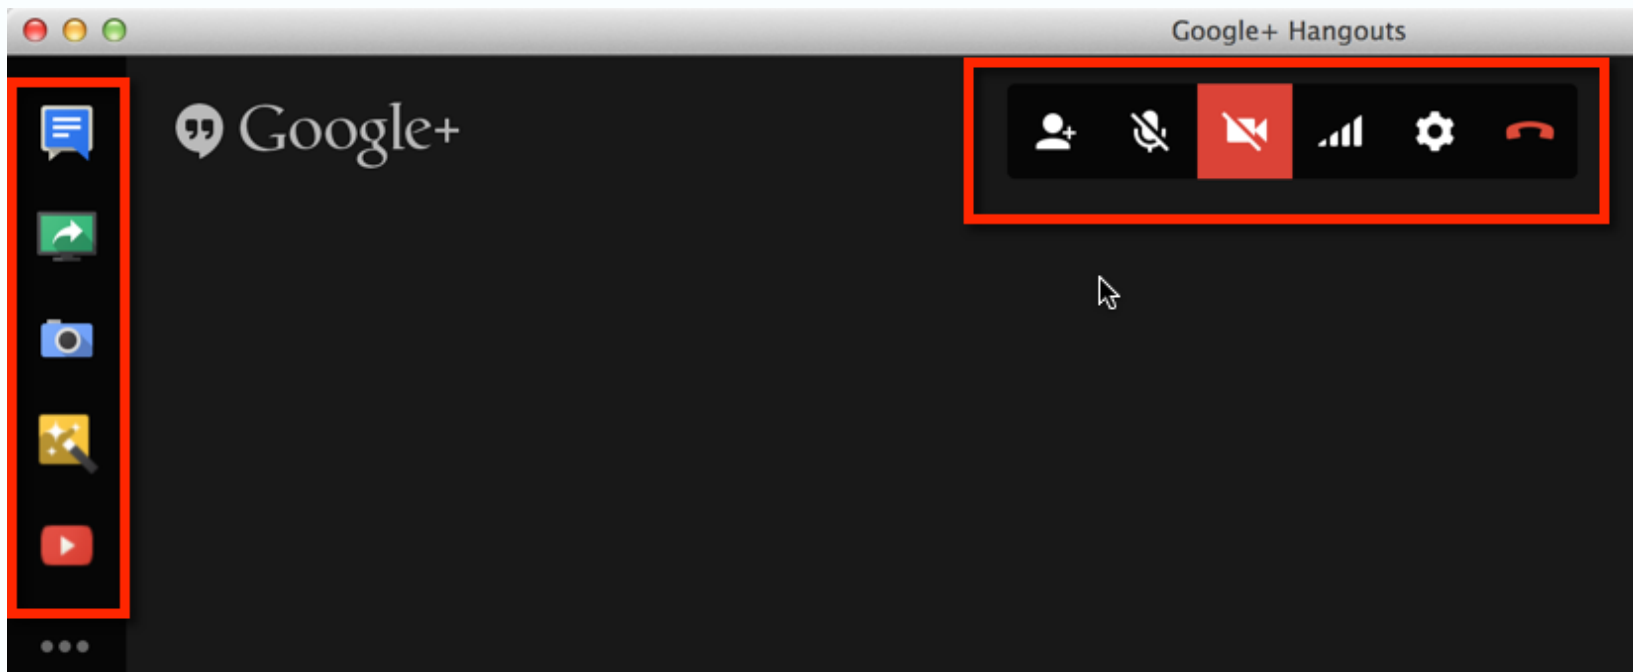

- Contact will receive an e-mail invitation
- Contact needs to sign-in to Google+ or sign-up as a new Google+ user
- Contact will need to download and install a setup file (one-time installation)
