Review: On-Page SEO Basics

On-Page SEO Components

❖ Key On-Page SEO Components

- Keyword Placement
- LSI Content Writing
- Internal Linking
- Absolute URLs

Keyword Placement

“On-Page” Search Engine Optimization

- “On Page” optimization involves structuring certain elements on a web page to better increase the relevancy of the web page in the search engines.
- A major element is strategically placing targeted keywords in:
 - Page Name (File Name e.g. keyword.html)
 - Title Tag
 - Meta Keywords and Description Tags
 - H1 Tag
 - Body Content

LSI Content Writing

LSI Content Writing Tips

- Do not keyword stuff the primary keyword phrase. No need to continually repeat the main keyword phrase.
- Use synonyms and related words in body content. This increases the value of the content and aids user understanding of the context of the article.
- Write for the human reader, not the search engine robots!

Internal Linking

Internal Linking Strategies

- Internal linking is the process of structuring all navigation and text links in your website with the goal of helping visitors navigate around your website and search engine spiders discover content more easily
- In your website body content, you can link related words and phrases to their respective pages via use of anchor text
- By clicking on the anchor text link, it allows the visitor to visit the hyperlinked page to explore further details of the related content

Anchor Text Example: Singapore Florist

```
<a href="http://www.domain.com/singapore-florist">Singapore Florist</a>
```

Absolute URLs

Absolute Versus Relative Linking

- Always use absolute links for internal links between web pages

Absolute Link

<http://www.domain.com/keyword.html>

Relative Link

[keyword.html](#)

Case Study: ASEA

The screenshot shows the homepage of the Asia Search Engine Academy. At the top left is the logo 'ASIA Search Engine Academy' with the tagline 'teaching the art & science of seo'. The top navigation bar includes links for Home, Training, Consulting, About Us, and Contact Us. On the left, a sidebar menu lists Home, Workshop, Testimonials, FAQ, Contact Us, and Site Map. The main content area features a photograph of three professionals (two men and one woman) working together at a desk in an office with a city view. Overlaid on the photo is the text 'SEO Certification Training' and 'Singapore, Malaysia, Indonesia, Philippines & Hong Kong'. To the right of the photo, there is a section for '5-Days SEO Certification Training' with details for Singapore (10-14 Nov 2010) and contact information.

❖ Step #4 – Publishing Details

XSitePro SEO Configuration

■ Check FTP Directory = public_html

The screenshot shows the 'XSite Pro - ASEA - Site Design' application window. The 'Publishing Details' tab is selected. In the 'Web Server Details' section, the 'Domain Name' field contains 'www.asiasearchengineacademy.com'. In the 'FTP Server Details' section, the 'FTP Server' field also contains 'www.asiasearchengineacademy.com'. Below this, a large callout box highlights the 'FTP Server' and 'FTP Directory' fields. The 'FTP Server' field is set to 'www.asiasearchengineacademy.com' and the 'FTP Directory' field is set to 'public_html'. A checked checkbox labeled 'Use Passive Mode' is also visible.

FTP Server Details

The FTP Server address, and the directory upon it to which you publish your site, should have been communicated to you when you first purchased your web-space. If you have any difficulty locating this information you should contact your web-space provider for assistance.

FTP Server: www.asiasearchengineacademy.com e.g. ftp.domain.com

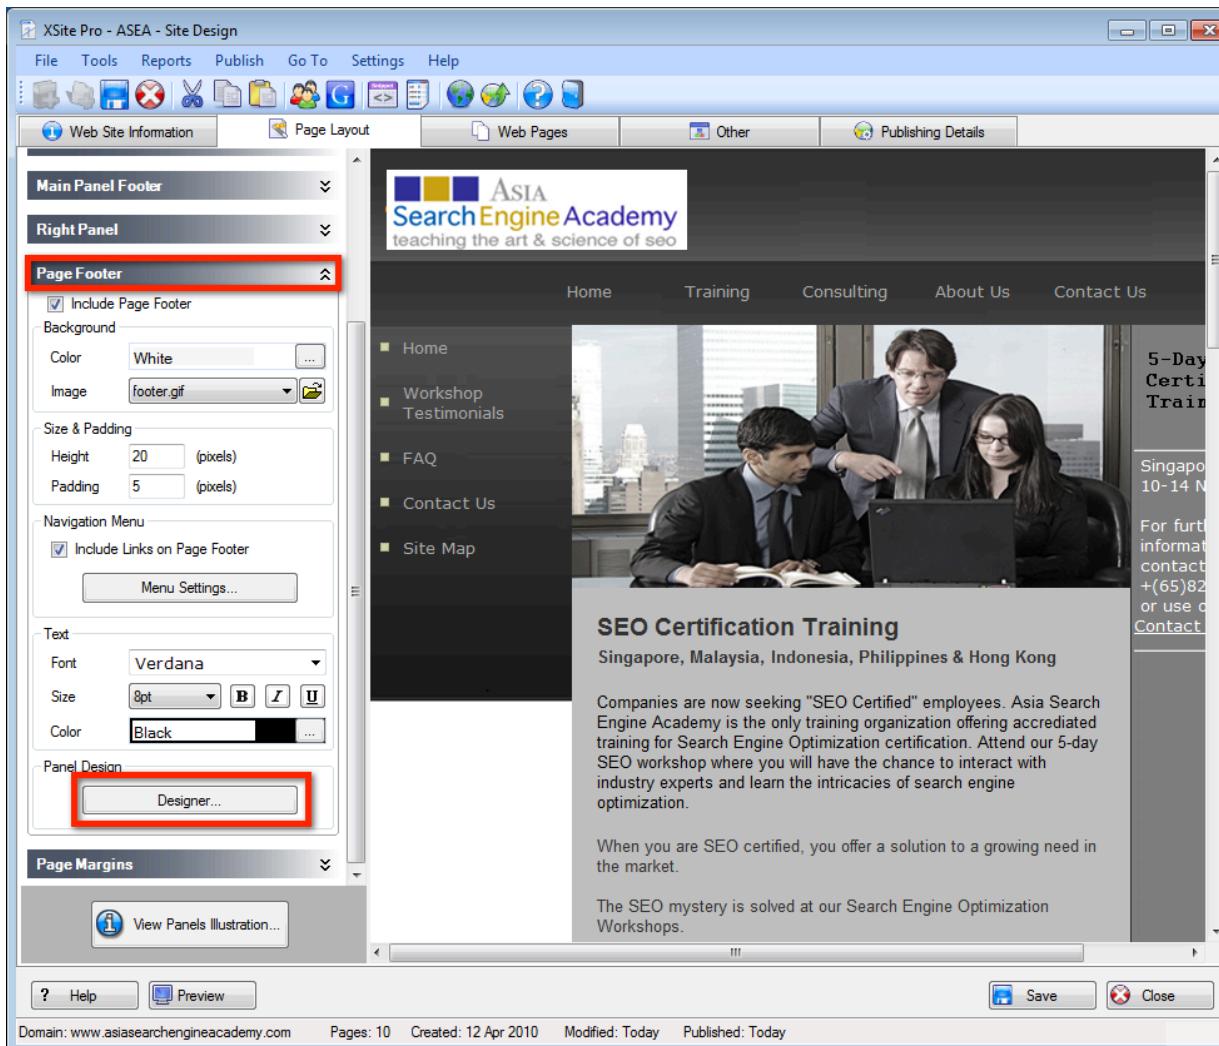

FTP Directory: public_html

Use Passive Mode

Copyright © 2007-2010 Asia Search Engine Academy Pte. Ltd. All Rights Reserved.

XSitePro SEO Configuration

- Add Copyright Info & Anchor Text Links (Source Code)

XSitePro Page Settings

The screenshot shows the XSitePro Site Design interface. The main window title is "XSite Pro - ASEAN - Site Design". The menu bar includes File, Tools, Reports, Publish, Go To, Settings, and Help. The toolbar contains icons for Add Page, Other, Delete, and various site management functions. The top navigation bar has tabs: Web Site Information, Page Layout, Web Pages (selected), Other, and Publishing Details.

The left sidebar displays a site map with the following pages: Home, Training, Workshop Testimonials, Consulting, FAQ, About Us, Contact Us, Thank You For Your Inquiry, and Site Map. The "Page Settings" tab is highlighted with a red box.

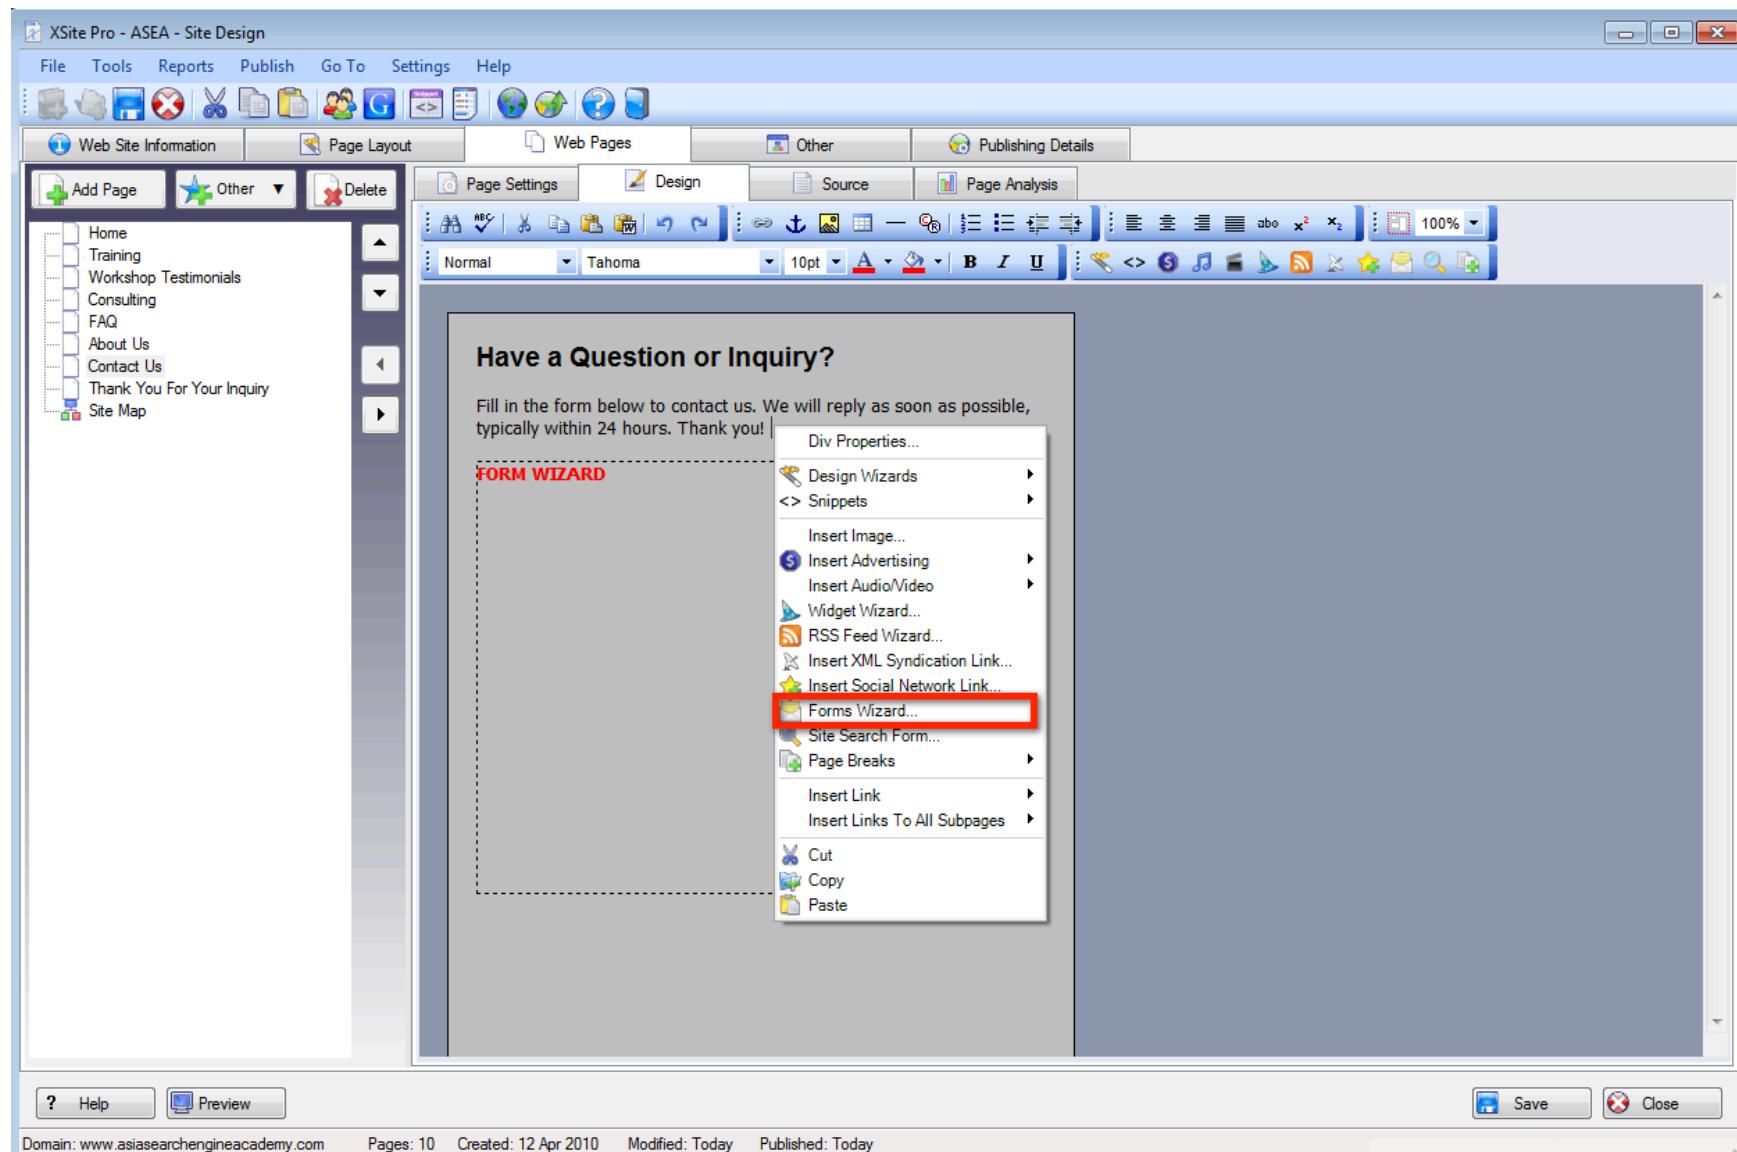

The central content area is titled "Web Page" and contains the following settings:

- Page Information:** Page Title: SEO Certification Training - Singapore, Malaysia, Indonesia, Hong Kong & Philippines; File Name: index.html; Keywords: search engine optimization, seo; Description: AsiaSearchEngineAcademy.com offers SEO certification training in Singapore, Malaysia, Indonesia, Hong Kong & Philippines.
- Menu Settings:** Menu Text: Home; Show on Info Bar (checked); Show on Left Navigation Menu (checked); Show on Right Navigation Menu (unchecked); Show on Main Panel Header (unchecked); Show on Main Panel Footer (unchecked); Show on Page Footer (unchecked).
- Page Options:** Make this my Home Page (checked); Publish this Web Page (checked); Add this page to my Site Map (checked).

At the bottom, there are buttons for Help, Preview, Save, and Close. The status bar at the bottom shows the domain as www.asiasearchengineacademy.com, and the page numbers, creation, modification, and publication dates as Today.

Creating A Thank You Page

The screenshot shows the XSite Pro - ASEAN Site Design software interface. On the left, a sidebar displays a site map with pages like Home, Training, Workshop Testimonials, Consulting, FAQ, About Us, Contact Us, Thank You For Your Inquiry, and Site Map. The main panel is titled 'Web Page' under 'Page Settings'. It contains fields for 'Page Title' (Thank You For Your Inquiry), 'File Name' (thank-you.php), and 'Keywords' (empty). The 'Description' field contains the text: 'Thank you for contacting Asia Search Engine Academy'. In the 'Menu Settings' section, there is a list of checkboxes for navigation locations, all of which are highlighted with a red border and a large blue arrow pointing to the right, with the instruction 'Leave Unchecked'. In the 'Page Options' section, three checkboxes are also highlighted with a red border and a blue arrow pointing to the right, with the instruction 'Leave Unchecked': 'Make this my Home Page', 'Publish this Web Page', and 'Add this page to my Site Map'. The bottom status bar shows the domain as www.asiasearchengineacademy.com, page number 10, and various creation/modification/publishing dates.
